Principal's Spotlight

Love the Lord Your God

On the border of the promised land God gave His people explicit instructions about what they must do in order to prosper in the new home that He had so graciously provided for them. You can see those instructions in Deuteronomy chapter 6. Isn't it interesting that of all the things that God could have shared with the nation of Israel, the two central themes that He proclaims are to love God supremely and to teach your children to do the same.

In fact it appears from the text that these two ideas are so closely connected that you really cannot love the Lord your God with all your heart, soul and mind if you fail to teach your children about God and His commandments. Wow! What an awesome responsibility that God gave to Israel and by extension to us who are now standing on the borders of the heavenly promised land. What a solemn duty that we have to teach our children to love God and to heed His commandments.

At Village School we have embarked on a journey to do just that. We want our school to follow God's directions in teaching our children, helping them understand God's love for each one of them and to recognize that obeying God's commandments will result in a successful and happy life here in this life and for eternity to come.

Our desire is to continue to improve and adapt our instruction, our curriculum, our physical learning environment, in essence every aspect of our educational program, so that it accomplishes God's objective of leading His children into a loving and faithful relationship with Him for now and for eternity. We are confident that God is working to bless the work of the Village Church and School so that He will enjoy a rich harvest of souls ready to cross over to the promised land and the blessing of living with Him forever.
